## **Karnataka Government mulls multidisciplinary learning at Engineering Colleges**

---

**As explained by the minister, there will be an option to learn science-based subjects in multidisciplinary learning along with engineering courses**

**The course will be on the lines of National Educational Policy (NEP) and implemented from the current academic year itself.**

The state government is mulling multidisciplinary learning at the engineering colleges in the state by including science subjects. Higher Education Minister Dr. C N Ashwath Narayan directed the authorities of Karnataka Higher Education Council to come out with a curriculum framework for the purpose by the month-end.

As explained by the minister, there will be an option to learn science-based subjects in multidisciplinary learning along with engineering courses.

At a meeting with officials of the department of higher education on Thursday, the minister said it will be on the lines of National Educational Policy (NEP) and implemented from the current academic year itself.

"Of the 220 engineering colleges in the state, about 100-110 colleges have good infrastructure and multidisciplinary learning could be introduced in these colleges by including options to learn subjects such as Physics, Chemistry, Maths, Applied Maths," he said.

## College Curriculum to get NEP touch

---

**The curriculum worked out by these panels will come into effect from the current academic year.**

The Higher Education Department has formed several committees of experts to give a makeover to the curriculum for undergraduate and postgraduate courses in the State, to be in line with the National Educational Policy (NEP).

The government has constituted three committees under Faculty of Arts (Social Sciences, Humanities, Fine Arts & Visual Arts), three committees for Faculty of Sciences (Physical & Mathematical Sciences, Chemical & Biological Sciences, Earth Sciences), one committee under the Faculty of Commerce & Management and one committee for the Faculty of Engineering. The curriculum worked out by these panels will come into effect from the current academic year.

Prof Y S Siddegowda, Vice-Chancellor, Tumakuru University, will Head the Social Sciences Committee of 13 members. Prof DB Naik, Vice-Chancellor, Kannada Janapada University, Shiggavi, will head the Humanities Committee of seven members. Prof Nagesh V Bettakote, Vice-Chancellor, GH Music & Performing Arts University, Mysuru will head the Fine Arts & Visual Committee of six members. Prof G Hemantha Kumar, Vice-Chancellor, University of Mysuru, will head the Physical & Mathematical Sciences Committee of 11 members. Prof KB Gudasi, Vice-Chancellor, Karnataka University, Dharwad, will head the Chemical and Biological Sciences Committee of 11 members. Prof AM Pathan, Vice-Chancellor, KBN University, Kalaburagi, will head the Earth Sciences Committee of seven members.

# Now, accreditation by NBA a must to start new Engg courses

---

**In the wake of the pandemic, colleges will be given six more months to pay the affiliation fee arrears and a complete waiver of penalty.**

APJ Abdul Kalam Technological University has mandated that engineering colleges applying for new courses should have accreditation from the National Board of Accreditation (NBA). From now on, only colleges with at least one existing NBA-accredited course will be given the No Objection Certificate to apply for new courses. A decision to this effect was taken by the Kerala Technological University Syndicate on Tuesday, based on the recommendations submitted by the Affiliation Standing Committee.

Colleges without NBA-accredited courses must meet three criteria prescribed by the University, in addition to the conditions laid down by the All India Council for Technical Education (AICTE). A success rate of at least 50% in the final year examination of the previous year, admission in at least half of the seats, and an excellent ranking in academic auditing are the additional criteria. The syndicate has also decided to revise the affiliation fee from 2020-21. In the wake of the pandemic, colleges will be given six more months to pay the affiliation fee arrears and a complete waiver of penalty.

## **IonEDUCATION Products:**

**IonIdea (www.ionidea.com) has 100+ esteemed clients including universities, autonomous colleges, affiliated colleges in India and Malaysia for IonEducation Solutions! Thanks to all our mentors, domain partners, international advisers for helping our solutions to mature and meet the needs of higher education institutions. It has been a great journey for IonIdea since 2007 when autonomy began in Karnataka. Since then, we have added several innovative solutions to our portfolio in the areas such as Examination management ERP (with result processing addressing all the exceptions), Scanning & digitizing entire valuation process, Automation of end-to-end Outcome Based Education System (OBE SAR) to help accreditation process etc. In OBE & accreditation, our solution supports the process and SAR of all types of programs such as Engineering UG / PG (Tier 1 & II), Polytechnic, Pharmacy, MBA, MCA, Architecture etc. For more details, please write an email to [edu@ionidea.com](mailto:edu@ionidea.com)**

## **IonCUDOS© (Outcome Based Education Software)**

Integrates Curriculum Design, Delivery Planning, Assessment Planning and Attainment of Course Outcomes (COs), Program Outcomes (POs) through direct and indirect measures. Helps in institutionalizing outcome-based education by reducing the faculty workload, effort and time significantly.

## **IonEMS (Exam Management System)**

Automates entire Student Lifecycle activities from Admission to graduation producing versatile reports required for Universities, Autonomous Colleges, Higher Educational Institutions and other Governing Bodies.

## **IonDVS© (Digital Valuation System)**

Fair, Transparent, Innovative, Robust Evaluation platform which automates the entire Evaluation of Answer scripts reducing the Cost, time involved in result processing and Provides versatile reports, real-time analysis of evaluator, Evaluation, and posts evaluation data for Post Examination Data Processing like Result processing, Grading and OBE in a secured Manner.

## **IonLMS (Learning Management System)**

OBE enabled Learning Management System is a comprehensive system to enhance Teaching Learning Activity to achieve excellence in academics through Teacher & Student Success. Students can learn at their own pace through versatile Web and mobile based applications with teacher monitoring the progress of each individual student and their contributions towards the course.

## **IonEXAM**

A remote Examination Solution which is a simple to use and efficient solution to assess students remotely with the safety of students and staff on top priority. The solution is customizable and meet all implicit and non-functional needs such as security, scalability, reliability, browser compatibility, user experience etc..

**We take this pride opportunity to thank all our esteemed customers for their trust in us!**
